*"A new spirit has gripped our nation!"*

*"Together is where tomorrow's promise lies"*

It's 1960. Young activist, Nelson Mandela, rallies the people of South Africa to protest against the racial segregation of apartheid. In 1962 he is arrested and sentenced to life in prison, where he will spend the next 27 years, taken from his wife and children, as the fight for freedom sweeps his country.

Infused with the rhythms of South Africa, this soaring new musical tells the extraordinary story of a man who changed the course of modern history - the sacrifices he made as a husband and father, and the global movement that inspired him and his comrades to keep fighting.

### **About the Young Vic**

For over fifty years, the Young Vic has produced new plays, classics, musicals, adaptations of books, short films, digital projects, and game-changing forms of theatre, attracting large audiences from many different backgrounds.

Based in London's Waterloo, we forge deep connections in our neighbourhood through our [Taking Part](#) programme, where we engage with over 15,000 people every year via a wide range of projects, from skills-based workshops to on-stage performances. We give 10% of our tickets free to schools and neighbours, irrespective of box office demand, and we are committed to keeping ticket prices low.

The Young Vic's [Creators Program](#) is our space for multi- and anti-disciplinary artists, and is the only scheme of its kind. Launched in 2001 and formerly known as the Directors Program, we offer artists and producers a unique opportunity to develop their craft through skills workshops, peer-led projects, and paid work opportunities that range from trainee and assistant director roles to a two year residency through the [Genesis Fellow/ Associate Director](#) position. The [Genesis Network](#) provides an online community to over 2,000 artists and producers. Each year, the recipient of the [Genesis Future Directors Award](#) directs a show in The Clare Theatre with full support from the Young Vic's creative, administrative and production teams, enabling us to support and nurture an early career director as part of our season of work.

For many years, the Young Vic has been synonymous with inclusivity, accessibility, and creativity. We catalyse debate and channel our work into the digital world, to reach new audiences and continue conversations outside of our four walls. We foster emerging talent and collaborate with some of the world's finest directors, performers and creatives; creating award-winning productions which engage with the world we live in.
