Our most ambitious community project yet. We are deeply embedded in our local community, with our extensive programme of Taking Part projects engaging some of the most marginalised and disadvantaged groups. But we know that much more can be done to enhance the lives of local people, as recent research shows:

People in our local boroughs of Lambeth and Southwark register in the bottom 10% for well-being [Source: Office for National Statistics ‘Personal Wellbeing in the UK’ Oct 2019 Report]

Around 1 in 11 individuals surveyed in Southwark reported feeling lonely often last year. This figure is expected to have risen as a result of the pandemic. [Source: Southwark Council Feb 2020 Report on ‘Loneliness and Social Isolation’]
